BE SURE TO BRING BOTH CARDS TO EVERY APPOINTMENT

How to Get Care

- Your medical professional is your Primary Care Provider, or PCP
- If you get sick or need a checkup, call your PCP. If your family member is sick or needs a checkup, call their PCP
- If you cannot keep the appointment, you need to call your PCP's office and tell them
- It is very important to call your PCP at least 24 hours in advance if you need to cancel the appointment
- If you cancel an appointment, make arrangements with your PCP for a new appointment

- If you need to see a specialist, talk with your PCP first
For example: If your child needs to see an ear doctor, your child's PCP will recommend an ear doctor
- The providers you see must be in the health plan network you have chosen *Exception: You may go to any family planning provider, but they must accept Nebraska Medicaid*

Emergency/Urgent Care

An emergency is a time when your life is in danger. Or, it can be something that happens that could cause permanent disability if not treated immediately. If you are having an emergency, call 911 or go to the closest emergency room. You can get emergency services whether or not they are in your health plan network.

The following are examples of emergencies:

- *A serious accident*
- *Poisoning*
- *Chest pains*
- *Stroke*
- *Severe bleeding*
- *Severe burns*
- *Difficulty breathing*

You should use urgent care when your life is not in danger and you have time to call your PCP. If you need urgent care, call your PCP to get instructions. You can call your PCP 24 hours a day, 7 days a week.

Some examples of urgent care are:

- *Fever*
- *Stomach pain*
- *Earaches*
- *Headache*
- *Symptoms of cold or flu*
